OFFICE OF DEAF SERVICES

Among the one in five Alabamians who will need mental health services in their lifetimes are more than 39,000 people who are deaf or hard of hearing.

Because deafness or hearing loss pose their own challenges in coping with risk factors and accessing and receiving treatment services, the Alabama Department of Mental Health has established an Office of Deaf Services to break down the barriers that inhibit the department in its mission to enable Alabamians to live in recovery.
